

College Visit Procedure

Juniors and Seniors are allowed two (2) days each year to visit colleges. These days do NOT rollover.

1. Before you go, check with the college you would like to visit to make sure the day/time you want to visit is available. This information can be found on the college's website.
2. Most colleges require you to register for a visit. Again, this can usually be done on the college's website.
3. Have the college's admissions office write on their school letterhead that you were there for a college visit on that day.
4. Turn this letter into the LCA Attendance Office within three (3) days of your visit so the visit will not count as an unexcused absence. The Attendance Office will not excuse college visit days without proper paperwork.

****You do not need anything from Legion prior to your visit.****
